

Job Description

Position: Full Stack CRM Developer

Type: Part-Time/Contract

Location: Remote/London HQ

Start Date: Immediate

About Enjoy Education:

Enjoy Education is an innovative educational services provider, committed to enhancing the learning experience through tailored solutions. We aim to leverage technology to streamline our processes and provide exceptional service to our clients. To achieve this, we are looking for a skilled Full Stack CRM Developer to join our team on a part-time or contract basis.

Responsibilities:

CRM Development & Maintenance: Lead the development, customisation, and ongoing maintenance of our CRM system using WordPress, Gravity Forms, and related plugins.

Front-End & Back-End Development: Handle both front-end and back-end development tasks to create a seamless and efficient CRM system.

API Integration: Design and implement API integrations to ensure smooth data exchange between various platforms and our CRM.

Automation: Utilise and manage automation tools to streamline processes and reduce manual workloads.

Troubleshooting: Diagnose and resolve CRM-related issues efficiently, ensuring minimal disruption to operations.

Collaboration: Work closely with internal teams, including educators and administrative staff, to gather requirements and deliver CRM solutions that meet business needs.

Innovation: Stay updated with the latest trends and technologies in CRM development to ensure our systems remain cutting-edge and effective.

Required Skills:

Full Stack Development: Strong knowledge and hands-on experience with PHP, HTML, CSS, and JavaScript.

Enjoy Education

WordPress & Plugins: Proficiency in using WordPress, Gravity Forms, Gravity Flow, and Gravity Kit for CRM functionalities.

API Knowledge: Proven experience with API development and integration.

Automation Proficiency: Familiarity with tools like Zapier for process automation.

Problem-Solving: Excellent analytical and troubleshooting skills.

Communication: Strong communication skills with the ability to explain technical concepts to non-technical stakeholders.

Independence: Ability to work independently and manage time effectively, especially in a remote working environment.

Preferred Qualifications:

Educational Services Experience: Experience in educational services or similar industries.

Database Management: Knowledge of SQL and database management.

Additional CRM Platforms: Familiarity with CRM platforms such as Salesforce or HubSpot.

BuddyBoss Experience: Experience with BuddyBoss platform is a plus.

Perks:

Remote Working Conditions: Flexibility to work from anywhere with occasional visits to our London HQ.

Competitive Pay: Competitive pay commensurate with experience.

Professional Growth: Opportunities for professional growth and development.

Supportive Environment: Collaborative and supportive team environment.

Application Process:

Interested candidates should submit their resume, a portfolio of relevant work, and a cover letter outlining their experience and why they are a good fit for this role to dwhite@enjoyeducation.co.uk

Join our team and help us enhance our CRM capabilities to better serve our educational community!
